

Sunset in Anatolia

Each ProjectX has been developed on the basis of Learning Outcomes, which means we have also created a tool based in the ECVET credit system that has allowed mobility of students between the participating institutions.

One2one in Konya

Welcome and Introduction to the meeting

There it is, the last, but not the less, meeting!!!, This time we went to Konya. Konya is a city in the Central Anatolia Region of Turkey. It is the seventh most populous city in Turkey. Konya is an economically and industrially developed city and the capital of Konya Province.

Mr. Ömer Tezel, Mr. Hasan Demirbag (Principal of Konya Mesleki ve Teknik Anadolu Lisesi), Mr. Mustafa Guven (Responsible of European Projects in Meram) and Mr. Antonio Mir

Meeting with the mayor of the city

(one2one Project Manager) welcomed the participants in this final meeting of the one2one Project.

Mr. Antonio Mir reported about the meeting he had the day before with the vice-mayor of the city, Mr. Abdi Kalan, He was very interested in the project, as he was the former principal of Konya school.

Workshop 1: Methodology

Mr. Ari Tolvanen made a short presentation about the results of WP2: “Research and Analysis”; he highlighted some critical points that partners discuss:

- 1.-How we can reach the goal of sustainability.
- 2.- Personal competences are moving...
- 3.- Teachers competences
- 4.- Cooperation with Companies, as a critical

point Mr. Robert Beloiu, as responsible of WP3, conducts this workshop. He gave an introduction about the products: “Guidelines for

making ProjectX” and “Catalogue of ProjectX” . All the partners share their opinions and good practises to enrich the Project with them.

Mr. Robert Beloiu and Mr Toni Mir during the presentation

Cedefop is one of the EU's decentralised agencies. Founded (1) in 1975 and based in Greece since 1995, Cedefop supports development of European vocational education and training (VET) policies and contributes to their implementation. The agency is helping the European Commission, EU Member States and the social partners to develop the right European VET policies.

Visiting the school

'While the responsibility for education and training systems lies with the member states, the EU has a key role in supporting and supplementing efforts to improve and modernise their education systems.

European Commission

Short break during the work

WS 2: Catalogue of ProjectX

Mr. Claudio Gonçalves makes some commentaries regarding the design of the ProjectX. Some remarks:

XABEC: self evaluation of the students is very important.

SAVO: right tools in the right place.

PITESTI: ProjectX make more attractive the learning process to the students.

SCCB: Very important: ProjectX related with the

industry.

LYCÉE I. NEWTON: Different level of the ProjectX.

KONYA VS: Very important: ProjectX related with real jobs.

VALDORIO: ProjectX which solve problems to the Industry.

EXTRA-PROJECTX: It is interesting to make ProjectX that connect two different fields: automation and Cooling.

WS 3: Implementation of the projectX. Pilot Test

Mr. Yannick Villeneuve conducts this workshop. Firstly he makes a revision of the steps done along the implementation process:

In Pitesti we decided to test not only one but all the ProjectX

In Birmingham we appointed the reviewers, and we approved the template. We found out a general feeling among

Mr Yannick Villeneuve during his presentation

the partners: we need to improve continuously the ProjectX. The catalogue is the proof of our work, but the key of success is to put them in the website of each institution

WS 4. Quality Control

Mr. Ömer Tezel conducts this workshop. He makes a revision of the "Quality Management Plan", according to a report presented for this meeting, with the support of a Power Point

WS 5 Financial matters and Final Report

Mr. Javier de la Hoz, via Skype, makes a presentation of the financial issues (see the PPT document). Partners can ask him the doubts. We foreseen an audit of the Spanish National Agency, so we will prepare in advance all the documentation they can ask for. Javier will ask personally one by one the required information.

WS 6 Dissemination and Sustainability.

Mr. Antonio Mir conducts this session.

Regarding dissemination, Antonio makes a presentation with the guidelines to keep continue making dissemination activities (see the PPT presentation). He insists that we need a proof of every single dissemination activity (a picture, a minute, a video... etc.), but if it is not possible, at least partners have to send a brief description of the ac-

tivity.

Brochures produced in France and Turkey are presented to the partners, as dissemination materials.

Savo Students, developing projectX at Xabec

Sustainability, an student from a Dutch school not included in the TOI project, has developed a ProjectX at Xabec

"It is better to have one person working with you than three people working for you."

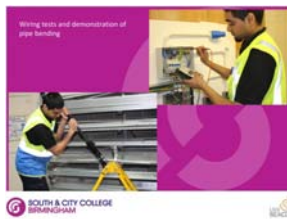

-- [Dwight D. Eisenhower](#)

Meeting evaluation and final remarks

Mr. Hasan Demirbag says final words of farewell. He congratulates all the partners for the work done these days.

He and people of the organization -Mr. Ömer, Ms. Hatice and Ms. Tugba- give the certificate of attendance and a bag with presents to all the partners.

The media –Regional television and newspaper– is present in the closing ceremony.
